VOLUME CIX.--NO. 82 ALEXANDRIA, VA., SATURDAY EVENING, APRIL 4, 1908. PRICE 2 CENTS

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would, it is believed, seldom have to be employed if this most valuable women's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely *free* if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

WATSON NOMINATED BY POPULISTS.

The people's party convention at St. Louis, yesterday, nominated Thomas E. Watson, of Georgia, for president and Samuel Williams, of Indiana, for vice-president, after two stormy sessions, during which the Nebraska and the Minnesota delegations bolted because they could not procure a postponement of the convention until after the nominations had been made by the democratic convention, so that the people's party might nominate W. J. Bryan for president if he were defeated at the democratic convention.

The Nebraska men fought desperately to the last, and when Jay W. Forrest, of Albany, N. Y., mounted the platform to place Watson in nomination, they withdrew from the convention, followed by the Minnesota delegation, which consisted of one man, J. T. Weighan. If Wm. J. Bryan is nominated at Denver, the men who walked out of yesterday's convention say that they and the populists of Nebraska will support him to a man.

At the morning session the Nebraska men filibustered so cleverly that several times they threw the convention into fearful snarls. They fought long and hard to have Temporary Chairman Jacob S. Coxey, of Ohio, made permanent chairman, not because of affection they bore him, but because they believed that they could tangle him and stand off the nominations. They were defeated, however, and George A. Honnecker, of Jersey City, was made permanent chairman.

Mr. Honnecker attacked the courts of the country, under whose ruling, he declared, many gross injustices had been committed. He attacked the democratic party for the conduct of President Cleveland in the railroad strike of 1894 and the republican party for the sending of troops to Idaho during the miners' strike. He depreciated the industrial situation of the country, declared the opportune time for a revolution was the present, and asserted that it only needs "the genius of a Robespierre and the eloquence of a Danton, to set the country a blaze."

The platform adopted reaffirms the declarations made by the national convention at Omaha. "The admonitions of Washington's farewell; the State papers of Jefferson, and the words of Lincoln are the teachings of our greatest apostles of human rights and political liberty; declares that the government should issue money; opposes special privileges; upholds trades unions and favors public works. In closing the platform proclaims fealty to populism and avers that the party will in future not be drawn upon "the treacherous rocks of fusion."

Thomas E. Watson spent yesterday in Jacksonville, Fla., and the first news of his nomination as the populist candidate for the presidency was carried to him by a correspondent. When asked if he would accept the nomination, Mr. Watson said:

"Not having been officially advised of the action of the convention, I think it would be rather premature for me to say that I will accept the nomination. I have read the outline of the platform adopted this morning and I will not make any positive statement as to acceptance until I reach my home at Thomson, Ga., for which place I leave tonight."

Mr. Watson then went on to explain his advocacy of Gov. Hoke Smith, of Georgia, during the recent gubernational campaign in that State. He said that he joined with Mr. Smith in his effort to eliminate the negro from politics and informed the governor that his work was sorely for that purpose.

"I do not believe that the negro should have any more political rights than the Indian or the Chinaman in this country," he said. "With the negro eliminated from politics the States of the South will again be in a position where their wishes will have to be respected and catered to by the dominant political parties."

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I brought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by W. F. Creighton and Richard Gibson.

Shake off the grip of your old enemy, Nasal starch, by using Ely's Cream Balm. Then will the swelling and soreness be driven out of the tender, inflamed membranes. The fits of sneezing will cease and the discharge, as offensive to others as to yourself, will be stopped when the causes that produce it are removed. Cleanliness, comfort and renewed health by the use of Cream Balm. Sold by all druggists for 50c, or mailed by Ely Bros., 56 Warren street, New York.

EVELYN ENTERS SUIT.

Evelyn Nesbit Thaw, through her personal counsel, Daniel O'Reilly, has brought suit in New York for $50,000 damages against Manager Regan, of the Hotel Knickerbocker, who stated publicly that young Mrs. Thaw and E. R. Thomas had been requested to leave the grill room of the hotel a few nights ago.

Mrs. Thaw's lawyer said that if statements reported to him were true he would find it necessary to sue another hotel man for libel. This arose from Mrs. Thaw leaving the Hotel Prince George, where she has been living since last Saturday.

Mrs. Thaw's lawyer admits that she was in the Knickerbocker grill room on the night in question with E. R. Thomas.

Heretofore Mrs. Thaw has denied the stories of her appearance in restaurants and elsewhere with Thomas. She blamed a double for the stories about her. On occasions she has said she didn't know and never saw Thomas.

Mrs. Thaw declares that at no time did any one connected with the Hotel Knickerbocker ask either her or Mr. Thomas to leave, and for that reason she regards statements put forth that she was not the proper person to be served in the Knickerbocker, as libelous.

508 KING ST.

Alexandria Gazette AND VIRGINIA ADVERTISER

SATURDAY EVENING, APR. 4, 1908.

A PARAGRAPH has been going the rounds of the newspapers recently giving the names of certain journals published in the Arctic regions which appear but once a year. About the time of the beginning of the civil war there was an illustrated blanket sheet known as "Brother Jonathan," that appeared annually in New York. It is said there is a paper in China, which appears but once in one hundred years. The fact that certain papers are printed but once a year affords food for thought for those who are employed on journals which are published every day, in many cases Sundays not excepted. With such every day is strenuous in its nature, while those whose writings appear but once in 365 days have the greater portion of the year in which to study sleep or kill time. Life on a diurnal publication savors of the treadmill, and but for the fact that most of those employed on the same take an interest in the work, the drudgery and, in many cases, lack of appreciation would force the victims into other channels of life. The clientele of a newspaper is often fastidious, and but little allowance is made for those whose pencils they assume must always be sharp, their flow of language perennial, imagination vivid, conception at a razor edge and powers of description original and entertaining. But suppose such had an entire year to construct a newspaper, and, like Macaulay, to be in a position to drop the pen when ideas ceased to flow? The knight of the quill on a daily paper, however, is compelled like Abasuerus of old to keep on, often at times when his interest centered in many things beside the subjects he is treating.

MORE campaign secrets are coming out. It developed yesterday in New York that the sum of $700,000 was contributed by the Metropolitan Street Railway Company to defeat the democratic nominee in 1900. This was admitted by Mr. Thomas F. Ryan, who calls himself a democrat. The contribution was made through five men. Those men are today as much opposed to Roosevelt and Bryan as they ever were.

REPORTS from the big city markets show a remarkable increase in the consumption of vegetables and breakfast foods and a corresponding decrease in the consumption of meat and ice. The high prices have put meat beyond the reach of many people who are now gradually learning to do without it. The American people eat too much meat, anyway.

THE per capita circulation in the United States on April 1 was $35.35, which is the greatest maximum record ever reached. In 1896 it was about $8. With more than four times the per capita of 1896 the country under full and complete republican control has been and is suffering one of the worse industrial depressions known since the war.

FOR some time Secretary Taft has mollified his tariff talk to suit the Protective Tariff League. His latest utterance is: "The time has come when the Dingly tariff should be re-examined with a view to its revision on a purely protective basis." That should suit the standpatters and the trusts that the tariff protects.

REPRESENTATIVES Mouser and Bannon, republicans, will refuse to stand for re-election in Ohio. They say that with the factional fights in the republican party, they cannot be elected, and that Ohio will go democratic. So vote it be.

THE higher the prices of the beef trust rise the smaller grows the meat account of many families. There is compensation, however, in the fact that shad and herring are beginning to run.

THE rival republican press bureaus at Washington are working overtime in preparing statements that their side is on top, which indicates it is rip and tuck between the Taft and anti Taft factions.

IOWA delegates are for Taft and for the Ohio tariff plank which promises something or nothing as you like to interpret it.

THE emergency currency legislation is still hung up in Congress and yet the republicans boast that they do things.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., April 4.

Both the Taft and Foraker folks strenuously deny the renewed reports that they have been flirting with each other. On behalf of Taft, it is stated today that absolutely no overtures have been made to Foraker to call off the fight in Ohio. The war secretary is still of the opinion that the presidential and senatorial campaigns are entirely separate and distinct propositions Taft is concerned only with the presidential game. He does not purpose to drag Foraker's senatorial ambition along behind his band wagon. If the Taft adherents want to elect Foraker to the Senate, after the presidential nominations, they may do as they please. On behalf of Foraker, it is stated that he has not extended the olive branch to the Taft forces, nor has he caused any one else to do so. He insists as he did not start the fight it is not up to him to call it off.

Osterization is to be put to the final test. The Supreme Court of the United States is to pass on the famous theory of the Baltimore scientist that a man after the age of forty does not amount to much. The court, having two members seventy-five years old, and the youngest of its members being fifty-five, believe it can consider the subject from an impartial standpoint. The life of Frederick Lang, of New Jersey, hangs on the decision. He has been sentenced to be executed for the murder of his niece, Katie Ford, with whom he was so violently in love, that he is charged with having shot her rather than permit another to marry her. On the grand jury in the court of Oyer and Terminer, of the county of Middlesex, New Jersey, which indicted him, were two men over sixty five years of age, one being 70 years of age and somewhat deaf Lang claims he was unjustly tried inasmuch as every grand juror in New Jersey must be under the age of sixty-five.

President Roosevelt's order restricting Sunday work in the government departments to that which is of an emergency factor or absolutely necessary for the public welfare, will probably be extended to all branches of the federal service outside of Washington. At present it applies only to officials and employes in the capital.

John S. Leech was today appointed Public Printer by the President, vice Stillings, who was forced to resign. Mr. Leech is at present Public Printer of the Philippines. The nomination of Mr. Leech will be sent to the Senate on Monday. He is from Bloomington, Ill., and is an honorary member of the International Typographical Union. He was in the employ of the Government Printing Office in Washington, and was promoted on May 29, 1901, to the position of chief of Bureau of Public Printing in the Philippines. He is forty five years old. Senators Cullom and Hopkins joined in indorsing him for the place.

When representatives of the civic federation appeared today before Representative Littlefield's subcommittee of the House committee on judiciary to ask favorable action on the bill amending the Sherman anti-trust act, they had borne in upon them that the welcoming smile and encouraging word were not being over worked by the subcommittee in their behalf. Mr. Littlefield, who came face to face today with Samuel Gompers, president of the American Federation of Labor, for the first time since Gompers gave out his interview saying that Littleton had a yellow streak down his back, went after the labor section of the proposed bill in great shape. He also paid his respects in no uncertain terms to other portions of the pending legislation. Opening the hearing, Littlefield read about a dozen telegrams he had received from business houses and corporations from various parts of the country urging that the bill be killed. Senator Low was the fourth speaker. When Mr. Low had concluded his written statement. Littlefield asked him if he wanted to legalize the boycott. Low replied that he did not, but that Gompers had said he wanted labor organizations kept free and remote from the operations of the Sherman law.

By the direction of the President, and upon the original suggestion of Gen. Bell, chief of staff, a special army board, of which Brig. Gen. W. W. Wotherspoon, president of the War College is president, has been appointed to draw up plans for a general re-organization of the army on modern, progressive lines, calling for an authorized increased strength from 65,000 officers and men as at present, to 100,000 men in the regular army. The plans will also call for a closer relationship between the organized militia and the regular army, looking to a means of quicker mobilization of the two branches than is now possible.

The Hyde-Dimond-Benson-Schneider land fraud conspiracy case was today continued by Judge Stafford until Monday. A special panel of sixty talesmen has been ordered and efforts will be made on Monday to secure the one additional juror necessary. Neither side has exhausted its challenges and in all likelihood the whole day Monday will be consumed in selecting the jury.

Mr. Carlin has introduced in the House a bill granting a pension to Dominic N. Brown.

This statement was issued from the White House yesterday: "It is to early to give serious thought as to what will be done when the President retires from office."

Louis Lundy, the negro who was recently shot by Representative Heflin of Alabama, today filed suit against the Congressman for $20,000 personal damages.

Sixtieth Congress.

Washington, April 4.

SENATE.

The Senate was not in session today, having adjourned Thursday until Monday.

HOUSE.

Minority Leader Williams, in continuation of his filibuster for "remedial legislation" today, carried a thirty minute roll call to be taken on the approval of journal.

The committee on rules, that brought in a rule which provided that on all general appropriation bills the House should decide whether it should agree or disagree to Senate amendments en bloc without intervening, or filibustering motions; and that for the rest of the session a motion to take a recess shall have precedence over the motion to adjourn.

The latter provision will make but one legislative day from now until next June, or whenever the session ends, if it is so desired. It will obviate the necessity, too, of having the journal approved each day. As the unapproved journal will accumulate as long as the filibuster continues, it will be necessary at the end of the session, if the filibuster lasts that long, to devote most of a week in reading and approving it. It will require but one roll call to approve it, however.

A third provision gave the House the right to close general debate before going into the committee of the whole.

It was the most complete gag in all its details possibly ever applied to the House in recent years.

This rule is necessary because of the idiotic, disgraceful filibuster by the gentleman from Mississippi, explained Mr. Dalzell in reporting the rule.

Mr. William asked if the minority would have the usual twenty minutes to debate the rule.

"They will not," snapped Dalzell.

"I just wanted the country to know it," said Mr. Williams.

Again Mr. Dalzell sailed into the minority, saying the filibuster could accomplish only a waste of the public time and public money.

Mr. Sulzer asked Mr. Dalzell to explain the rule.

"It would be impossible to make the gentleman from New York understand it," responded the Pennsylvania.

"Will the gentleman yield for two minutes?" again interrupted Bowery Sulzer.

"No. Not for two seconds," hissed Mr. Dalzell, and the republicans went wild with laughter and applauses.

Then before Mr. Williams could wink an eye the Speaker had put the previous question and had declared it carried.

The question arose as to whether the Speaker had gone through all the formalities of putting the question and finally as to his veracity, Williams insisted he meant no offense.

"Oh, there will be no personal difficulties between the chair and the gentleman from Mississippi," and all chances of a duel faded away.

The stenographers notes showed the Speaker was right and Williams apologized.

The rule was adopted by a party vote.

It was Mr. Williams' inning when the House got into committee of the whole to consider the District of Columbia appropriation bill. He had one democrat move to strike out the first six words of each paragraph. This led to a vote by tellers and little progress was made.

News of the Day.

Riley Gannan, the great race track plunger, died at Rawhide, Nev., yesterday. Pneumonia caused his death.

A bill regulating the carriage of explosives in interstate commerce was yesterday reported favorably from the Senate committee on interstate commerce.

Mr. Andrew Carnegie has given an additional $5,000,000 to the Carnegie foundation for pensioning college professors in order to include State institutions in its provisions.

Thomas F. Ryan is said to have told the grand jury investigating a street railway deal that out of the $700,000 paid he and four others were reimbursed for a $500,000 campaign contribution.

It looks to Berlin diplomats as if the United States will be alone in its attempt to uphold Chinese sovereignty in Manchuria, as indicated by American Consul Fisher's policy at Harbin.

An effort is being made by Gov. Magoon and the Bureau of Insular Affairs to have the quarantine against Cuba permanently removed until evidence of yellow fever in the island develops.

President Castro's official organ in Caracas published Venezuela's answer to Secretary Root's last note, the answer being, in effect, a refusal to consider the American demands diplomatically.

John Mitchell, formerly president of the United Mine Workers of America, yesterday declined the President's offer of special commissioner to study and report upon labor conditions in the Panama canal zone.

A bill making drunkenness in the District of Columbia a misdemeanor, and to provide a hospital for inebriates, has been sent to Congress by the Commissioners, with recommendations for favorable enactment.

That Alfred Gwynne Vanderbilt will put in no evidence to rebut that of his wife in her suit for divorce was stated yesterday. His lawyers will rest after cross-examining her witness and seeing that his interests are conserved in any findings that may be reached by the referee or court.

It is understood that the House committee on banking and currency has decided to strike out section 11 of the Aldrich financial bill. This section is the one added on motion of Senator La Follette, and prohibits officers of national banks from making loans to any corporation of which they are themselves officers or directors.

The sentence of dismissal imposed upon Major Wm. S. Hancock of the coast artillery, for conduct unbecoming an officer, and violation of the pledge to abstain from intoxicating liquors, was mitigated by the President yesterday to reduction in rank to the foot of majors of coast artillery, there to remain during the rest of his service.

Daniel Day went to the home of Mrs. Mary Phillips at Rensselaer, Ind., Thursday night, and purchased a bottle of whisky. Day then sat in the room talking to Daisy Phillips, the seventeen-year-old daughter of the woman, and occasionally drinking. As he arose to leave the house he drew a revolver and shot the girl through the heart. A later, who was in an adjoining room, said that there was no signs of a quarrel and that Day fired the fatal shot just as the girl bade him good night.

The Senate committee on Interstate Commerce yesterday authorized a favorable report upon the resolution introduced by Senator Elkins suspending the operation of the railroad rate law which prohibits railroads after May 1 from carrying coal or other products from collieries or mines owned by themselves. As orginally offered by Elkins the resolution suspended this law until May 1, 1910. The committee changed that date to January 1, 1910. It is expected that, in the meantime, a friendly suit will be brought to test the constitutionality of the law.

After nearly two hours of hauling, pulling and walking about, the Gotch-Hackenschmidt wrestling match in Chicago, last night, resulted in a victory for Gotch, because Hackenschmidt refused to go on any longer. Gotch avoided Hackenschmidt from the outset. He sprinted around, and when they got shoulder to shoulder he prevented the Russian from getting any sort of a hold on him. Incidentally, Gotch roughed it with his opponent, butting and putting over short punches whenever the opportunity presented itself. The bout was a very unsatisfactory one, from the crowd's standpoint, as there was really never any science displayed.

In a decision handed down yesterday the Massachusetts Supreme Court declares that sympathetic strides for the purpose of preventing an employer from conducting an "open shop" are illegal.

Phil Brook, of Cleveland demonstrated his superiority over George Memsic, of Chicago in a ten round fight at Los Angeles, Cal., last night.

Virginia News.

The third annual debate between the University of Virginia and Johns Hopkins University was held last night in Madison Hall, at the university, near Charlottesville. The judges rendered a decision in favor of the University of Virginia. The question was: "Resolved, That national banks should be permitted to issue, subject to tax and government supervision, notes based on their general assets." Virginia had the affirmative in the debate.

One of the most destructive fires in Lynchburg in 20 years occurred early yesterday, when four factories, three of them tobacco plants, and four negro dwellings were consumed, with a total loss of $225,000, with insurance of $175,000. The fire raged during a 20 mile wind and the firemen were powerless to cope with the blaze. The factory of the Norfolk and Western Overall Company and three tobacco factories, occupied by W. G. Dunnington, of Farmville, in which more than 1,000,000 pounds of tobacco for Austrian and Italian trade were stored, were destroyed, the loss on the tobacco factories being $115,000 fully insured.

CONFERENCES.

With the election of the delegates to the general conference, which meets at Baltimore in May, a reception at the White House by President Roosevelt, another in the lobby of the Senate by Vice President Fairbanks and a third in the cloakroom of the House of Representatives by Speaker Cannon, the members of the Baltimore Conference of the Methodist Episcopal Church in session in Washington yesterday put in the busiest day since the present meeting of the body began.

The delegates were elected as follows:

Ministerial—Rev. Dr. John F. Goucher, of Baltimore; Rev. Dr. J. C. Nicholson, of Baltimore; Rev. Dr. O. W. Baldwin, of Baltimore; Rev. Dr. W. L. McDowell, of Baltimore; Rev. F. M. Bristol, of Washington.

Laymen—Mr. Summerfield Baldwin, of Baltimore; Mr. John T. Stone, of Baltimore; Mr. W. H. Anderson, of Baltimore; Major H. A. Hall, of Washington; Mr. John W. Young, of Cumberland.

U. S. Senator Teller, of Colorado, was presented to Bishop Cranston, who in turn introduced him to the conference. The Senator made a brief address, in which he stated he had been a member of the Methodist Church for many years and was interested in everything that concerned it. He remarked that the strength of the church is in its humble members, because they show all men that the church is doing work beneficial to all mankind. In closing he stated that he hoped all branches of Methodism would be gathered into one church before many years elapse.

The members of the Methodist Protestant Conference began at Snow Hill, Md., yesterday afternoon to ballot for 26 delegates, both ministerial and lay, to general conference, which meets in Pittsburg in May. Only one ballot was taken, and, owing to the length of the ticket, the count is necessarily slow, and the result will not be known until tomorrow. It will be necessary to take several ballots, and it is not likely that the entire list of delegates will be completed before Monday. Rev. Dr. F. T. Little was selected as president of the electoral college, which has the balloting in charge.

There are two important subjects to come before the general conference. One of these is that of uniting with the Congregational and United Brethren denominations and the other relates to the establishment of deaconesses in the church work. Just what will be done with the former matter is a mooted question, but it is more than likely that the deaconesses proposition will be adopted.

The committee on temperance in its report today called upon all church people not to vote for any candidate in the future who does not believe in the extinction of legalized liquor traffic.

The committee on Sabbath observance indorsed United States Senator Johnston's bill for a Sunday rest law in the District of Columbia, and urged a discontinuance of the practice of paying ministers any part of their salaries on Sundays.

The foreign missionary steward reported an increase of $549 in the collections during the past year.

W. O. Atwood, of Baltimore, extended an invitation to the conference to meet at Clarke Memorial Church, Baltimore, next April.

Revs. J. L. Nicols and R. T. Tyson were voted into the conference, and will be formally received today.

A resolution was unanimously adopted requiring all applicants for the ministry to join the Conference Mutual Relief Association, which is a death benefit organization for the ministers and their wives.

The committee appointed to consider President Sheridan's report recommended the appointment of a committee of five to look into the deaconess work for the church and to report next Monday afternoon.

STEEPLEJACK FIGHTS FOR LIFE.

Hundreds of persons Thursday watched Joseph Bailey, a steeplejack, extricate himself from a dangerous predicament at the top of a 200 foot chimney in Jersey City. Bailey was sitting in a boatswain's chair when a gust of wind swirled the chair and he fell out of it. As he did so he grasped a rope which was dangling from the chimney top and the wind blew the chair out of his reach. Several persons saw the mishap and their cries of alarm attracted the attention of a crowd to Bailey as he struggled, hand over hand, up the swaying rope to the top, where he had barely strength enought to crawl over the edge. He then seated himself again in the chair and lowered himself to the ground.

WHEN WILL NEW LAWS BE EFFECTIVE?

Because of the 30 day extension of the legislative session, though the body remained but a short time, it is believed that the statutes enacted are not operative till ninety days after the final adjournment, which would have been April 7. If this is true, new laws are not effective till July 7 h.

Today's Telegraphic News.

Anxiety in Rome.

Rome, April 4.—The working men are parading today in honor of those of their number killed in Thursday's street fighting with the police. Thousands are in line and the situation is so intense that rioting seems inevitable before night fall.

The city garrison has been strongly reinforced, and troops, with full cartridges, are being held in readiness. Several small affrays have already occurred, but the police and the workingmen's leaders have thus far managed to restore order.

A number of persons considered unfriendly to the radicals have been stoned in the streets when they walked or drove out and forced to seek shelter in the nearest houses. Foreign visitors are leaving the city as fast as the railroads can handle them.

Most of the shops are closed either in sympathy with the working men or owing to the proprietors' fear that they will be sacked by rioters.

Mayor Nathan and other municipal authorities openly sympathize with the people, and the flags on all public buildings are at half-mast in mourning for the soldiers' victims.

The Vatican is heavily guarded, and there is the keenest apprehension of an anti-clerical outbreak as an accompaniment of the labor troubles.

Of the participants in Thursday's disturbance there workingmen are now dead, four are dying and eight are seriously wounded. Of the police and soldiers called out to suppress the riot 61 are suffering from grave wounds.

Destructive Fire.

Meadville, Pa., April 4.—One hundred guests of the Lafayette Hotel had a narrow escape from death and four buildings of the Lafayette block were partially destroyed by fire early today which for some time threatened to assume serious proportions. For three hours H. H. Barnes, of Columbus O., a guest of the hotel, slept while firemen played nine streams of water upon the building. He only awakened when the flames began to lick the covering of his bed. The flames broke out at four o'clock this morning, and not until 9 o'clock were they under control. So rapidly did they spread that many of the guests only had time to escape in their night clothes. Assistance was summoned from Erie and Franklin, but before the apparatus arrived the flames were under control. The estimated loss is $180,000

Boy Injured by Explosion.

New York, April 4.—Police reserves had to be called out at noon today following the explosion of a small bomb, the exact nature of which has not been ascertained, which tore the right hand off Frederick Schewae, aged 11, and slightly hurt three other children in a hallway. It was at first reported an attempt had been made to wreck the building, and the crowds that gathered threatened the Italian colony, but were finally dispersed. Schewae is in a bad way in the hospital. He told the police he found a little box, one of half a dozen, in a can in the cellar of 17 Third street. He was taking it home to show to his mother when, as he tried to run up stairs, he stumbled and struck it against the bombs the boy says he left in the cellar.

J. P. Morgan Received by the Pope.

Rome, April 4.—J. P. Morgan and his daughter, Mrs. Herbert L. Satterlee, were received in private audience today by the Pope, Cardinal Merry Del Val, the pontiff's Secretary of State, and Queen Helena of Italy. The pope received his visitors in his library and smilingly complied with Mr. Morgan's request that he write an expression of his good wishes for the American financier and his family. The queen presented Mrs. Satterlee with a photograph of herself and children and accepted the presidency of a committee in which the American women is interested for relief in maternity cases.

Trouble Anticipated.

Lisbon, April 4.—Troops are being concentrated in Lisbon, Oporto and a half dozen other leading Portugese cities in anticipation of serious disorders during tomorrow's elections to the Cortes. Among the royalists rumors are in circulation that a revolutionary plot already exists looking toward the overthrow of the dynasty and the declaration of a republic as a climax to the voting. The republicans make the counter charge that the government plans to declare a dictatorship similar to that under which Premier Franco ruled during the latter days of the late King Carlos.

Cambridge Defeats Oxford.

London, April 4.—The Cambridge "eight" defeated Oxford in the annual inter-university boat race on the Thames this afternoon. The inning crews time was 19:19, thirty-two second short of the record. It led Oxford from the start at Putney bridge to the finish at Mortlake, crossing the line three boat lengths ahead of the competing oarmen. The race was witnessed by 50,000 people.

EUREKA!

Yes, I Have Found It at Last.

Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T. Ongley, Rootville, Pa. For sale by W. F. Creighton and Richard Gibson.

New York Stock Market.

New York, April 4, 11 a. m.—Business in regard to the Erie road had a depressing influence on the stock market all through the first hour and there was enough scattered selling to cause declines ranging from fractions to over one point all through the list. The industrials followed in line with the railroad issues. Government bonds unchanged; other bonds dull.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky and irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the germ, you remove the effect."

Sold by Ernest L. Allen & Co., agents. Two sizes 50c and $1.00. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. 137

EMBEZZLER CAPTURED.

After a chase, which extended all over the United States, Daniel R. Delaney, of Brooklyn, cashier for the law firm of Henry E. Coe & Co., of New York, has been arrested at Mountaindale, Sullivan county, N. Y., charged with taking $26,000 of the firm's funds. Delaney disappeared on November 20.

Detectives effected Delaney's arrest after a most remarkable and unusual chase, which finally led to a lonely cave at the summit of a mountain near Mountaindale. Delaney had been living in the cave for three weeks, guarded by two bloodhounds, seven other dogs, and a small armament of guns and ammunition.

His cave commanded a view for a mile each way of the road, which was the only approach to his mountain fortress. A large fieldglass insured him against unexpected approach in the daytime, while the dogs stood guard at night. Delaney lived quietly in his cave, cooked his own meals, and made weekly trips to the village.

Delaney was captured by detectives disguised as farmers.

CAPTURED IN A PULPIT.

An escaped convict named A. J. Kelley, alias G. W. Moore, was captured Thursday at a country church near Bedias, Tex., where he was conducting a protracted religious meeting. He was serving a ten years' sentence for forgery, when he made his escape about three weeks ago. He appropriated a horse, and after riding it for several miles, abandoned it and continued his way on foot. He appeared in the Bedias community several days ago, and introduced himself to the devout church members as Rev. John Inman. He volunteered to open a revival meeting, and the good people gave him their hearty support. The meeting was a success from the start, and was in full swing when the county constable got a circular describing the escaped convict, and recognized the preacher as the man who was wanted. Kelley admitted his identity when taken into custody by the constable. He had brought twenty converts into the church by his powerful exhortations from the pulpit.

Bishop J. M. Levering, head of the Moravian Church in America, died suddenly at Bethlehem, Pa., today of heart disease.

CONGRESSIONAL.

The House yesterday agreed to the Senate amendments to the urgency deficiency appropriation bill carrying $23,000,000 for "armor and armament," affecting principally the Washington navy yard.

The District of Columbia appropriation bill was taken up and two hours' debate allowed. The House had on Thursday unanimously agreed to eight hours' debate, but on a new rule brought in by the rules committee, the time was cut down six hours.

The committee on rules yesterday agreed to a programme to break the existing filibuster. It provides for the passage of the deficiency appropriation bill, now before the House, without intermediate motion and for dispensing the first reading of the District of Columbia appropriation bill, which is to follow the deficiency bill. It also limits general debate on the District bill to two hours. John Sharp Williams, in a strong speech against the republican tactics, compared Floor Leader Payne to Falstaff.

AUDITORIUM AT ARLINGTON.

Decision was reached yesterday by the committee on public buildings and grounds of the House of Representatives to incorporate in the public buildings appropriation bill an allowance of $50,000 for plans from which to build a large auditorium at Arlington, within which to hold national memorial services, patriotic celebrations, and like affairs. The idea originated with the Grand Army of the Republic, and in its support was outlined the interest of Chairman Barthold, of the committee. It is estimated that the proposed building will cost about $250,000.

PROVISIONS OF THE BYRD LAW

Inasmuch as there is a heavy fine assessed against the liquor dealer who sells liquor to a drunkard, and inasmuch as there is quite a variety of this class, wouldn't it be fair to the seller to have before him a list of those upon whom the ban is placed (not to be posted in a conspicuous place) but just for his own safety so that he would have some protection. I hardly think with such a law and such a fine for departing from said list, there would be many infractions of the law. Some one in authority who is acquainted with those who have no visible means of support and drink and get drunk as a profession, should furnish a list to the business man and thus help him in the observance of the law. It is grossly unfair to fine or imprison a man who breaks the law ignorantly. H.

[COMMUNICATED.]

"The House District of Columbia committee, at its regular meeting on Thursday, decided to favorably report the Campbell anti-bucket shop bill."

There is no such word in the dictionary as "bucket shop." The man who first got up the margin or "buck it" shop was Edward Fleming, of Berlin, Ontario, Canada. It was intended for customers who (under the laws of the New York Stock Exchange) could not put up 5 per cent. margin on regular stocks and had to go outside in New street (gamblers' alley) and buck it.

THE KIDNAPPED GIRL.

A dispatch from Philadelphia says: "The kidnapping story told in Alexandria by Margaret Curran, daughter of Mrs. Marry Curran, of this city, is accepted by her family and friends as true. The girl left her home at noon Monday after spending the morning with Miss Edith Travis, of Conshohocken, to do an errand down town for her mother. Near Fifteenth and Market streets a dark, well dressed man told her that her aunt wanted to see her inside the station. Miss aunt was not there, but he said she had gone aboard a train and took the girl with him to a coach bound for Washington. The train began to move at once. The man and woman frightened her so she did not tell any one of her plight. 'We have been very much worried over her since she disappeared last Monday,' said the girl's brother, James Curran, Thursday. The police were notified and have been looking everywhere for her. She was a quiet girl, unusually unsophisticated. Before this she had never been away from home over night. I thought for the first day or two she was at her aunt's in Conshocken. When we found we were wrong her disappearance baffled us.' Mrs Curran, a widow of moderate circumstances, is troubled over the means of getting her daughter home. She has not the funds to send somebody after her or to go herself, and the police told her Thursday that they could not send a detective after her. Yesterday the mother found no solution for her difficulty."

Today Mrs. Adamson, matron of the Alexandria Hospital, accompanied by a policeman, conducted Miss Curran to Washington, where she placed her in the House of Mercy, in charge of the Episcopal Sisters.

WHEREABOUTS UNKNOWN.

As was stated in the Gazette, nothing has been heard since Thursday of the whereabouts of Adaline Robinson and Lillian Talbot, the young women who had been attracting attention in this city during the past week or two. Some, however, believe they are in Washington. The women had been occupying a room in the Braddock House previous to their disappearance, and this morning the proprietor found an open letter which had been left by the woman who had given her name as Robinson. It was from Norfolk and was addressed to "Miss A. L. Fletcher." The writer signed himself T. B. He bitterly complained of the conduct of the recipient of the letter in leaving him with a baby to care for, and told his correspondent he would follow her all over the world. In other portions of the letter he besought the woman to return to him. The Robinson woman, it is alleged by the police, told them when she was taken in custody that she had been married eleven months.

BASKETBALL.

The Alexandria Athletic Association will play the last game of basketball tonight with their strong Y. M. C. A. team of Fort Myer at their hall on King street. Through an error of the registration committee of the Amateur Athletic Union, the Alexandria Athletic Association was declared professional, but it was reinstated by the chairman of the committee last night. The line up of the Alexandrians will be Duble and Wilkerson, forwards; Robey, center; Dobson and Hoy, back. The visitors will be entertained by a dance after the game. Ladies are cordially invited.

RUNAWAY BOYS.

A boy named Mensel, who had run away from his home in Washington, was arrested last night by Lieutenant Smith. The father of the youth came here this morning and carried him home. A son of Mr. William Birchmire, living on south Alfred street, left his home a few days ago and went to Wilmington, Del. Chief Goods telegraphed to the police of that city to take charge of the youth, and yesterday his father went to Wilmington and brought him home.

DEMOCRATIC COMMITTEE.

The city democratic committee will meet at the Opera House Cafe at 8 o'clock tonight, at which time the names of candidates for Mayor and the City Council will be presented. From present indications it seems there will be no primary election, as the offices to be filled are going begging, and no new candidates are expected to submit their names tonight. In such an event, the present incumbents will be declared the nominees by the committee.

THROWN FROM A HORSE.

A man, whose name could not be learned, was thrown from a horse he was riding by colliding with an electric train on King street, between Pitt and St. Asaph, this morning. He escaped serious injury, as did the animal he was riding. The accident drew a large crowd and the victim led his horse away as soon as possible.

THE MARKET.

There was an average supply of country produce in market this morning. Green stuff of all varieties was selling at moderate prices, but butter and poultry were still high. Eggs were down to 15 cents a dozen although some country people were asking 15 and 17.

Money can be saved by buying your Shoes at Marshall's, 422 King street.

SERMONS ON MOSES.

Rev. J. R. Sevier, pastor of the Second Presbyterian Church, will deliver his last discourse on the life of Moses tomorrow night. He has received many requests to continue this course of studies of the "Great Men of the Old Testament" for a few weeks longer.

THE SCHOOLS.

It is expected that the building on Prince street, near Pitt, owned by Mrs. Ewing, will be fitted up for school rooms by Tuesday morning at which time it is believed the four schools removed from the third story of Peabody building will be reopened. The desks, etc., are being removed to the Ewing building today from the upper floor of Peabody building.

Armory Hall having been rented for Monday, Tuesday and Wednesday next, the boys' school removed from the upper floor of the old Academy building will not be reopened till Thursday morning. By this time Armory Hall will be put in condition to receive the school.

It is understood that Mr. C. R. Yates, a school trustee from the First ward, who opposed the occupancy of the Ewing building, has telegraphed School Examiner Maphis, of this district, to come here on Monday and prevent the transfer. Mr. Yates, it is understood, will go the limit to prevent the occupancy of the Ewing building. At the meeting of the School Board last Thursday night he and Mr. T. L. Carter advocated the closing of Peabody building entirely.

COLORED SHRINERS.

The Colored Shrine Temple, of this city, held their annual meeting last night and re-elected William A. Carter potentate and a full list of subordinate officers. The next general annual session of the Imperial Council of the United States will be held at Providence, R. I., September 8, 1908. The Imperial Potentate, Jacob F. Wright, of Richmond, Va., issued his decree yesterday for the Providence session. Magnus L. Robinson, a 32d degree colored Mason and past grand imperial recorder and one of the incorporators of the Imperial Council, has been extended a special invitation to be one of the special guests at the Providence meeting. On September 10th after the adjournment of the Shrine the colored masons will assemble at Boston to celebrate the 100th anniversary of Prince Hall, who was the first negro Mason of this country at which Booker T. Washington will be the Masonic Centennial orator.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Annie Freeman, colored, charged with obtaining goods under false pretenses, was fined $10.

Calvin Johnson, Eugene Parker and Clarence Anderson, all colored, charged with disorderly conduct, were fined $5 each.

A second-hand dealer, charged with purchasing a pistol from a colored man and failing to report the transaction to the station house, was fined $10. The accused was told that he must report everything purchased by him from a toothpick up, and that the fine would be doubled if in future he failed to comply with the law.

THE FISHERY.

The fishing season has commenced, although the arrivals at this port are still slow. About 1,500 herring reached Fishtown yesterday. They brought from $7 to $8 per thousand. Shad were firmer today. They sold yesterday at from 55 to 60 cents wholesale. The Baltimore steamer which arrived early this morning brought up several hundred barrels of herring which had been "struck" on the shores.

Cured of Rheumatism.

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by W. F. Creighton and Richard Gibson.

When warm days and the kitchen fire make cooking a burden—then is the time to try a New Perfection Wick Blue Flame Oil Cook-Stove.

Marvelous how this stove does away with kitchen discomforts—how cool it keeps the room in comparison with conditions when the coal fire was burning. The quick concentrated heat of the

The debt is recapitulated as follows: Interest-bearing debt, $897,503,990; debt on which interest has ceased since maturity, $4,675,215; debt bearing no interest, $420,150 321; total, $1 422,329 527. This amount, however, does not include $1 292,289,860 in certificates and treasury notes outstanding, which are offset by an equal amount of cash held in the treasury for their redemption.

A BIG BLAST.

Mrs. Frederick Franks, wife of the manager of the Bath Portland Cement Company, on Thursday at Allentown, Pa., touched the electric button which set off the largest blast in the history of the American cement industry. Twenty-two thousand pounds of dynamite were exploded dislodging 60,000 tons of cement rock in the company's quarry. The holes were 70 feet deep. The plant has resumed on full time, and the loosened material will be used up in a month. This explosion tore off more rock than the famous Hell Gate blast.
